senior indemnity

Get more control over
health care costs with a
fixed-benefit plan.

A LIFE Association member offering.

a predictable way to pay for health care

Life is full of “what-ifs”. But when it comes to health care, questions like, “What if I get sick or injured?” and “What if I have costs Medicare doesn’t cover?” or “What if I need coverage before I’m eligible for Medicare?” can leave us wondering if we have the right amount of coverage.

Senior indemnity is fixed-benefit insurance that helps you cover the “what-ifs” of everyday health care. Our affordable plans give you a predictable way to pay for things like hospital stays, surgeries, lab tests and even doctors visits. You choose a plan with set dollar amounts, and we’ll pay your covered medical expenses. Any expenses beyond your set amounts are paid by you.

Senior indemnity plans are most effective when used in combination with a major medical plan or while you’re waiting for Medicare eligibility. There are no network restrictions, so you can see any provider you like. So you’ll get coverage at a cost that works for you.

LIFE Association benefit¹

The LIFE Association, Inc. is a not-for-profit association, established in 1990 for the purpose of improving the personal, professional, and financial lives of our members. LIFE’s industry leading educational, lifestyle and health resources are second to none. Various association membership plans include educational training, healthcare, identity theft protection, wellness savings, travel services, retail savings, family programs, and quarterly newsletters.

As a valued member, you will have access to a large variety of upgraded healthcare benefits offered through the association group insurance contracts with major insurers. These health plans are designed with cost in mind, so there is an array of excellent choices to meet each member’s budget.

Quick note about fixed-benefit insurance

Unlike major medical policies, fixed-benefit insurance is a supplemental plan, and is not subject to the 10 essential health benefits outlined in the Affordable Care Act. That means fixed-benefit insurance may exclude pre-existing conditions, and may have service benefit limits, annual benefit limits, and lifetime benefit limits. While these plans do not cap out-of-pocket costs, beneficiaries do receive direct payments for covered services.

¹ See page 9 for more details. This plan is available only through a membership with the LIFE Association. Membership fees apply.
